

Create An Account in Send grid

PROJECT NAME	PERSONAL EXPENSE TRACKER APPLICATION
TEAM ID	PNT2022TMID25032
SETTING UP APPLICATION ENVIRONMENT	Create An Account in Send grid

The screenshot shows a web browser window with the URL <https://app.sendgrid.com/guide?from=profile&integrate=true>. The dashboard is personalized for a user named Deepak.R. The main heading is "Welcome, Deepak!" followed by the instruction "To get up and running quickly, please follow the steps outlined below." The primary action is "Send your first emails with Twilio SendGrid". The current step is "Create a sender identity". The text explains that before sending email, a sender identity must be created, and recommends creating a "Single Sender" for quick setup and testing. A button labeled "Create a Single Sender" is visible, along with a link to "Authenticate a domain instead". A diagram illustrates the sender identity as the "from" email address seen by recipients, showing an example: "Your Business <jane.doe@your_business.com> to me". At the bottom, a section titled "Send your first email" includes a reminder: "Please create a sender identity before sending your first email." The left sidebar contains navigation links for Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. The bottom status bar shows a temperature of 78°F, weather as "Partly cloudy", and the date/time as 11:07 PM on 11/16/2022.
